International Conference on “Empowering Women: Fostering Entrepreneurship, Innovation & Sustainability”

Monday, July 16 & Tuesday, July 17, 2018
India International Centre, Lodhi Road, New Delhi, India

ABOUT THE CONFERENCE

Through ages, philosophers, writers, thinkers and visionaries have accentuated the criticality of role of women in development of a nation. It is imperative that she be empowered with unfettered rights and opportunities to perform this *sine qua non*. Regrettably, throughout developing economies, social and economic statistics suggest that women have been marginalized and discriminated at every possible stage/platform/forum. Global Gender Gap Index of World Economic Forum (WEF), 2017, depicts this abysmal scenario across developing nations. India at a ranking of 87, China (99), Brazil (79), Russia (75), Thailand (71) and Malaysia (106) out of 144 countries is an eye-opener. Even the WEF, Global Human Capital Index shows that the picture is far from perfect. India at 103, Brazil (77), South Africa (87) and China (34) out of 144 nations reflects very poorly on our social and economic inventiveness.

As a premier think-tank of Government of India, NITI Aayog (National Institution for Transforming India) headed by the Prime Minister of India, has established the Women Entrepreneurship Platform (WEP). This initiative is built on the foundation that women are a critical resource that has immense potential to contribute constructively to the development of a nation and brings together women from different parts of India to realize their entrepreneurial aspirations.

In the poem “The Road Not Taken”, Robert Frost, said, “Two roads diverged in a yellow wood, and I- I took the one less travelled by, And that has made all the difference.” Shri Ram College of Commerce (SRCC) has always believed in an unstated and silent way that the path to excellence is to follow the “road less travelled by.” We know that we will face challenges and roadblocks but at the end we will ‘make a difference’ not only in the lives of our students but also in the lives of our teachers, our university, our community, our nation and our world. WEP of NITI Aayog and Office of International Programmes (OIP) of SRCC present an International Conference on “Empowering Women: Fostering Entrepreneurship, Innovation and Sustainability.” This conference is one step in our travel journey to make a difference.

The inspiration of the theme of the conference flowed from commencement speech of Steve Jobs at Stanford University in 2005 wherein, while addressing students, talked about “Connecting the Dots”. This conference attempts to connect the dots: Women empowerment, Entrepreneurship, Innovation and Sustainability. SRCC and our co-host NITI Aayog realise that an extremely large number of economic and social problems facing India and the world economy can be majorly mitigated if we address these implicitly connected dots. The conference, in its humble way, makes an attempt to bring all stakeholders together on a single platform related to the above “DOTS” and achieve a synergetic outcome.

PUBLICATION AND OTHER OPPORTUNITIES AT CONFERENCE

- Accepted abstract/papers will be published in the proceedings of the conference.
- An edited volume of selected conference papers shall be published by a publication of repute. Further, selected articles shall be eligible for publication in Business Analyst, the official research journal of SRCC.
- Best paper award for each track category A and category B viz, Category A includes academicians, researchers, policy makers, industrialists, consultants and Scholars. Category B, includes Undergraduate and Post Graduate Students.
